

## WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Doughton St., Nicetown, Pa.

**Another Woman's Case.**  
Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ASHLEY LAWSON, 126 Lippitt St., Providence, R. I.

**Danger Signals to Women**  
are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

## PARK ON SLOPES OF PUNCHBOWL, HOLSTEIN PLAN

Plan for establishing one of the most beautiful parks in the Pacific on the heights of Punchbowl crater were given by H. Lincoln Holstein, speaker of the house of representatives, to the Star-Bulletin today. The speaker proposes that the territory appropriate sufficient funds for the beautifying of Honolulu's scenic background and he announces that if local civic organizations get back of the scheme he will ask the legislature to make the necessary appropriations. The park would be known as Punchbowl park and one of the Hawaii man's proposals is that the sides of the extinct crater, facing the sea, be planted with vari-colored bushes of bougainvillea, as well as algaroba trees and hibiscus plants. His plan calls for ledges and trails winding up and around the hills of the Punchbowl, all shaded by floral brush. Already the city officials have agreed to convert the present wagon road into a hard surface, or at least a macadamized automobile boulevard.

In honor of members of the territorial legislature there will be a review of the 1st Infantry, National Guard of Hawaii, on Sunday morning, March 14, at 9 o'clock. The ceremony will take place in palace square, opposite the executive building, and will precede the annual inspection to be made the same day by Maj. M. J. Lenihan, 2nd Infantry.

Maj. Lenihan is much interested in the showing of the troops which he is to inspect for the war department, and the suggestion of a review for the legislators comes from him. He will take the review.

## GOVERNOR SENDS HIS MESSAGE ON APPROPRIATIONS

(Continued from page one)

comply with Act 88, Section 3, S. L. 1911.

"The committee of estimates have used the heading 'Manual Training and Vocational Guidance,' while I use that prescribed by law, 'Industrial and Manual Training.'

"By combining under one head, so there may be economic adjustment, I am convinced \$5000 can be saved and the full purpose of the committee of estimates be carried out, hence recommend \$45,000 in place of \$50,000.

"The Boys Industrial School admits of a reduction of \$1900.

"Girls Industrial School: This institution has become crowded and requires relief in plant and administration, in fact, I see no way of avoiding our pressing responsibility.

"The superintendent should be allowed an increase of salary so the compensation be \$2000 per year.

"Another dormitory cottage is imperative, as a number of girls are sleeping in hallways.

"The school building requires enlargement by the addition of two rooms.

"All this means additional running expenses. An additional night watchman is necessary at a cost of \$420 annually.

"The item 'House Mothers and Instructors' needs explanation. Heretofore \$5,000 has been provided from 'Teachers Salaries' item of public instruction and \$5000 in the 1913-1915 budget, making a total of \$10,000 actual, as against \$11,640 recommended. This practically makes an increase of but \$1640 for the period.

"It has been proposed that both the Boys and Girls Industrial schools, being of a reformatory order, be removed from the control of the department of public instruction and placed under some other coordinating department or board as the legislature in its wisdom may provide.

"I believe the item 'Lahainauna Industrial school, Maintenance and Repairs,' may be reduced from \$26,960 to \$24,000.

"With these changes the total school budget may be made \$570,970 in place of \$578,830."

**Receipts to Be Larger.**

His revised list of receipts as estimated for the next biennium shows a material increase over his original figures. This is said to be due to increased revenues from the income tax. The total available amount for the fiscal period he expects will be \$2,231,722.25. As stated above, the amount called for by his appropriation bill for the biennium amounts to only \$2,609,246.

Included in his revision of the receipts the governor sets forth a recommendation that Act 57 of the laws of 1911 and Acts 55 and 187 of the laws of 1913 be repealed and that item 7 of Act 90, laws of 1913, be deleted. The former relate to public lands and the latter mentioned has to do with appropriation for the Koloa wharf shed.

Actual work on the Y. M. C. A. swimming pool has begun with the erection of a derrick for the drilling of the artesian well. It is thought that the well will have to be drilled 800 feet and will require two months' work before water is ready to use.

Representative Kaupiko introduced a bill in the house to extend the tenure of office of Hawaii, Kauai and Maui officials until the first Monday in November of 1916, instead of to this fall only. His bill proposes to restore the holding of county elections on those islands to the same time as territorial elections.

Silva's measure allowing manufacturers of wine in the territory to sell wine on the premises where the beverage is manufactured without payment of a license, providing the wine is not consumed on the premises, went through final reading in the house today. Lota and Lyman voted in the negative.

Norman Lyman's bill to appropriate \$10,000 for the maintenance of Kalapapa store at the Molokai settlement went through final reading in the house today on a unanimous vote and is now before the senate.

Representative Waiakohala's bill fixing the minimum wage for territorial or county employees at \$1.50 per day went through final reading today with Aiu and Kupihua voting in the negative. Aiu wanted an amendment inserted to fix the minimum in Honolulu at \$2.

## SUNDAY LABOR BILL IS BEATEN ON A TIE VOTE

By a tie vote, Representative Makekau's Sunday labor bill, which had previously been amended to exempt barber shops and fishermen from the closing order, lost in the house of representatives on final reading today.

There was constant argument for and against both the bill itself and the three separate amendments. The trouble started when a note was handed to Representative Tavares reminding him of a promise to ask for exemption of barber shops. After a close vote, Tavares' amendment was inserted into the bill. This was a signal for others, and Representative Goodness offered an amendment exempting fishermen on the grounds that at times schools of fish approach the islands on Sunday and afford an opportunity for fishermen to make large catches. This amendment carried.

Representative E. K. Fernandez, who is said to be interested financially in motion picture theaters, then proposed that motion picture theaters be exempted and long drawn-out arguments followed, with the final result that the amendment was defeated. On the roll call there were 15 ayes and 14 noes, but as Representative Kawewehi was absent and not voting, the vote was declared by the speaker to be a tie and the measure lost.

The supporters of the bill declare that it will be presented again when Kawewehi returns in the event that the missing member agrees to vote affirmatively.

The roll-call showed the following in favor: Brown, E. J. Crawford, Crockett, Fassoth, Garcia, Goodness, Lota, Hale, Kaupiko, Kula, Makekau, Nawahine, Tavares, Waiakohala and Holstein. Those opposed were: Aiu, Cooke, W. H. Crawford, Fernandez, Huddy, Isenberg, Kupihua, Lyman, Rawlins, Silva, Vieira, Watkins and Williamson.

### LEGISLATIVE NOTES

Representative Lyman introduced a bill providing that the county primary elections be one month preceding general election, thus decreasing the length of campaigns.

Representative Crockett's bill relating to the hours and working conditions of women went through final reading on a unanimous vote in the house today and is now before the senate.

On the recommendation of the house finance committee, Lota's bill to appropriate \$20,000 for a hospital at Hanalei, Kauai, was tabled by the house today, the committee holding that it was a matter for the county to act upon.

Silva's house bill allowing banks outside of Honolulu to be established with a capital stock of \$100,000 instead of \$200,000, the amount now required, went through second reading in the house today, on recommendation of the finance committee.

Representative da Silva introduced a bill in the house today providing that licenses to clubs for the selling of liquor and serving of meals, if organized for other purposes, be fixed at \$300 a year.

Representative Kaupiko introduced a bill in the house to extend the tenure of office of Hawaii, Kauai and Maui officials until the first Monday in November of 1916, instead of to this fall only. His bill proposes to restore the holding of county elections on those islands to the same time as territorial elections.

Silva's measure allowing manufacturers of wine in the territory to sell wine on the premises where the beverage is manufactured without payment of a license, providing the wine is not consumed on the premises, went through final reading in the house today. Lota and Lyman voted in the negative.

Norman Lyman's bill to appropriate \$10,000 for the maintenance of Kalapapa store at the Molokai settlement went through final reading in the house today on a unanimous vote and is now before the senate.

Representative Waiakohala's bill fixing the minimum wage for territorial or county employees at \$1.50 per day went through final reading today with Aiu and Kupihua voting in the negative. Aiu wanted an amendment inserted to fix the minimum in Honolulu at \$2.

## LOCAL AND GENERAL

Elks lodge meets in their hall on Port street this evening.

Schofield Lodge F. & A. M., work in the Third Degree for Saturday, March 13th.

The new school term at the Y. M. C. A. opens April 5, and continues for 12 weeks. The standard commercial subjects will be offered by the regular faculty of which Jay A. Urice is the head.

Whether or not the capitol grounds would be beautified by the removal of the iron and concrete fence around the park is a question which will be discussed at a public meeting of the lands committee (George H. Huddy, chairman) of the house of representatives in the house chambers Monday afternoon at 3 o'clock.

## Morning on 'CHANGE

Based on private cables telling of a sale of sugar at 4.77 in New York, a swift rise from 4.53, stocks took a sudden jump today. All the ground lost during the week was regained, in some cases at a single bound. It was the most startling reaction in weeks.

Olaa, which went yesterday at 6, sold for 6.12. McBryde opened at 6.18, yesterday's closing figure, and then jumped to 6.34, where it remained. Oahu Sugar opened between boards at 21, a decline of 1.2, then sold up to 21.14 and then 21.12. Later 21.2 was bid and 22 asked, but there were no further transactions. Pioneer went at 25.15, an advance of 14, 25 was bid for H. C. & S., which went at 34.12 yesterday. Ewa only held its own.

Dividends were declared as follows: H. C. & S., 25 cents; Honoum, 50 cents.

Mr. and Mrs. Walter R. Coombs are sailing on the Manchuria this afternoon for a four months' trip in the Orient.

### HONOLULU SKATING RINK.

## THE FIRST OF THE NEW SPRING MILLINERY

The Initial Display of this Splendid Assortment Occurs Tomorrow

Enticing indeed are the Spring millinery fashions! The shapes themselves, though small, are very dashing and smart, and the effect produced by the addition of tasteful trimmings is superb.

The return to small hats will surely be welcomed. This season, very small sailor, poke, toque and tricorne shapes are considered especially correct. Straw and fabric braids, small flat floral trimmings, satin ribbons, and fancy button, straw and compact feather novelties will be used for decoration.

The principal features are all in evidence on these new models which we introduce tomorrow at exceptionally interesting prices. See them by all means!

From \$3.50 to \$25.00
